SMALL TORNADO STRIKES NEW ORLEANS

Four Persons Killed at Hammond, La.

MUCH DAMAGE WAS WROUGHT

As Reports Came in the Damage in the Way of Houses Destroyed Increases--Many People Hurt by Flying Timbers.

New Orleans, Oct. 6.—A small tornado passed diagonally across the residential portions of the city about 8 a. m. Friday, taking off roofs, tearing down fences and doing other damage. No one is reported injured. The tornado crossed the river about Jessa street, in the up-town district, and out across to the rear of the Third ward, one side of which is bounded by Canal street.

The air was filled with flying plants and other debris.

Great excitement was caused in the districts affected by the twisted wind.

Further reports from the tornado indicate that a number of houses were blown down by the wind in different parts of the city lying in the track of the storm.

At First and Magnolia streets, a house is reported demolished and a woman and child severely hurt.

A factory at Erato and Magnolia streets is reported to have suffered severely.

A special from Hammond, La., on the Illinois Central railroad, about 60 miles from New Orleans, says that a tornado struck Pontchatoula near there Friday morning, and did heavy damage to property and killed four persons. A number were injured.

The Jal Alai skating rink at Milan and Carondelet streets was blown to pieces and the debris from it scattered in every direction.

As reports come in the damage in the way of houses destroyed increases. There are reports also of people hurt by flying timbers.

The tornado crossing the river near Audubon park, swept in a northwesterly direction over the city, crossing Canal street to the wood side of Claiborne street. It was preceded by a thunderous noise. Along its whole path of 2 miles or more damage was done.

Telephone and telegraph poles were prostrated and communication with many parts of the city was rendered impossible. Debris strewn along its track put the Peters avenue line temporarily out of business.

At Toledano and Saratoga streets, a new market in process of construction was leveled. Five new residences in that neighborhood were razed.

A negro in Douglas square was picked up bodily and blown away.

Some damage was done at the gas works in the rear of the Third ward.

Much damage was done at the oil mill in the same neighborhood.

A warehouse at Liberty and Poydras streets was blown down. A heavy iron car there was turned upside down.

Heavy Rain at Mobile.

Mobile, Ala., Oct. 6.—There is no storm in or near Mobile at this hour, but the wind is blowing 30 miles an hour in the lower bay, with rain falling. The wind is expected to reach the same velocity in Mobile, accompanied by rain and lightning.

Edmonds Charged With Murder.

Atlanta, Oct. 6.—Through the work of City Detectives Lockhart and Lanford, the Fulton county grand jury Thursday found a true bill charging murder against one of the rioters of Saturday night, Sept. 22. The man indicted is Walter Edmonds, a broker, and he is charged with having killed Frank Smith, the negro messenger boy, while the latter was running across the Forsyth street viaduct in advance of a howling mob. Edmonds was taken in custody late Thursday afternoon at a Marietta street stock yard by Detectives Lockhart and Lanford, and is now lodged in the Tower. The dead negro was employed by the Western Union Telegraph company.

DRUGGISTS NAME OFFICERS.

Convention Closes After Adopting Ringing Resolutions.

Atlanta, Oct. 6.—With the adoption of decisive resolutions enlarging the policy of the organization, and the election of officers, the business sessions of the eighth annual convention of the National Association of Retail Druggists closed late Thursday afternoon.

The four days' gathering was one of the most interesting and important since the birth of the association eight years ago. The delegates did not leave Atlanta until Friday afternoon, after they had been the guests of the Atlanta Druggists' association at a monster barbecue given at Ponce de Leon Springs.

The resolutions, that were finally adopted, which are in a way the platform planks of the association, while not radical, dealt forcefully with the plans and purposes of the organization and outlined the future principles.

They emphatically favored the direct and serial contract plan; commended the pure food law; advocated a more thorough preparation and training of pharmacists; opposed the mail order method and adopted a number of other suggestions of mutual interest to members.

The recommendation to raise the annual dues was lost, as was also the advancing of the collegiate requirements.

The slate that had been prepared by the nominating committee for officers for the ensuing year was ratified by the convention, and the new officials are as follows:

President—Charles F. Mann, Michigan.

First Vice President—W. S. Elkin, Jr., Georgia.

Second Vice President—T. F. Hagelow, Missouri.

Third Vice President—E. B. Hyde, Vermont.

Secretary—Thomas V. Wooten, Illinois.

Treasurer—Louis Emanuel, Pennsylvania.

Executive Committee—Simon N. Jones, chairman, Kentucky; Thomas H. Potts, Pennsylvania; Jacob Diner, New York; M. T. Breslin, Louisiana; William H. Wheeler, Massachusetts; Edward Williams, Wisconsin.

A delightful smoker was given the visitors and delegates Thursday night in the banquet room of the Kimball, with Polk Miller as the principal entertainer. The informal banquet only presaged the enjoyable barbecue given Friday afternoon.

Good Price For the Tobacco.

Nashville, Tenn., Oct. 6.—It is asserted on perfectly reliable authority that F. J. Ewing, general manager of the Dark Tobacco Planters' Protective association, had sold to a representative of the Italian government all he had in dark tobacco belonging to the association that is suitable for the Italian trade on a basis of \$10.85 per hundred. This is regarded by the tobacco men of Tennessee and Kentucky as being a great victory for the planters, as they get their price.

He is Charged With Libel.

Macon, Ga., Oct. 6.—F. P. Davis, a superintendent of the International Harvester company's exhibits at the fair, was lodged at the police station on the charge of libel from Commerce, Ga. His friends are unable to find out the nature of the case, and efforts are being made to reach authorities there with a view of getting his release. He is prominent, and at a loss to know for what conduct he was indicted for libel.

Died at Advanced Age of 106 Years.

Montgomery, Ala., Oct. 6.—A special to the Advertiser says "Aunt" Betty Allen of Larkin, Jackson county, Ala., died after having closed her one hundred and fifth birthday. Her family records show that she was born in North Carolina in 1800. Her youngest son is 73 years old.

Medus vivendi Starbed.

Washington, Oct. 6.—It was announced at the state department Friday that a medus vivendi had been reached with the British government relative to the Newfoundland fisheries, that will be satisfactory. It is believed, to the Gloucester fishermen.

EIGHTEEN CORPSES HAVE BEEN RESCUED

30 to 40 Others are Entombed In Mine.

SCENES ABOUT MINE PITIFUL

Relations and Friends Grouped at Mouth Venting Their Grief—Two Members of a Rescue Party Killed by Gas.

Pocahontas, Va., Oct. 6.—Nineteen known dead and from 30 to 40 more are entombed and doubtless all dead, is the situation so far at the West Fork mines of the Pocahontas Coaleries company, where the explosion occurred late Wednesday afternoon.

Parties coming to work from the Tug River on the West Virginia side of the mines did not know there had been any trouble in the mines until they ran into some bodies on the tracks, and some mules dead with a man pinned between them.

The bodies of these men were recovered from the mines as the result of the heroic work of a band of 35 men, constituting a rescue party that worked incessantly through the hours of the night and day. It was not until 7:30 o'clock Thursday evening that the rescuers reached a point near St. Paul entry, where the explosion occurred. The work of rescue was very slow, as the conditions confronting the party were difficult to surmount.

The authorities anticipated the fearful extent of the casualties by ordering a carload of coffins and burial supplies, which are now on the way. The order is being rushed at Bluefield.

Edward Jones, the inside mine foreman, led the first rescue party and when that party failed to return in a reasonable time, a second rescue party, under Superintendent Leckie followed. Two of Leckie's party, John Odham and Ed Brown, were overcome by gas and died, and Leckie barely escaped with his life. The third party was formed and continued the work. Meantime the first party had reached another entrance to the mine in safety and sent word over the mountain announcing that fact.

The scenes around the mine were pitiful. Relatives and friends gathering in groups at the entrances and elsewhere awaiting tidings of the victims and gave vent to their grief as the bodies one by one were brought out.

Six Killed by Explosion.

Philadelphia, Oct. 6.—A terrific explosion of illuminating gas in the subway of the Philadelphia Rapid Transit company, under construction at Sixth and Market streets Friday, resulted in the death of six men, the injury of about a dozen others and caused property damage that will run into thousands of dollars. Besides the six men known to be dead, it is said that at least three others are buried under tons of the wrecks of the subway. The identified dead are John Lawless, foreman for a construction company; Frank Leans, an employee of the gas company, and R. Capero, a timber man. The explosion occurred shortly before 7 o'clock, and in consequence of the early hour but a few workmen had gathered. It was caused by a leak in a city gas main that had been improperly repaired. The escaping gas formed in a pocket in the subway and it is believed that a workman carrying a lamp into the great hole ignited the gas.

Millionaire Weds Trained Nurse.

New York, Oct. 6.—It became known Thursday that Charles D. Halliwell, first vice president of the American Tobacco company, was married Tuesday to Miss Ruth A. Cole, a trained nurse, who attended him through a long illness a few months ago. Last year Mr. Halliwell became ill through overwork. He underwent an operation and afterwards was put in the care of Miss Cole. She agreed him back to health and afterwards he seems to have found that he could not do without her. In the American Tobacco company, Mr. Halliwell is second in importance only to James B. Duke. His wealth has been estimated at \$25,000,000.

TURPENTINE MEN FIX SCALE.

Fifty Operators Present at the Savannah Meeting.

Savannah, Ga., Oct. 6.—Banded in a movement intended to put prices for labor upon a uniform basis, essentially prospective in its nature, the turpentine operators of Georgia met and perfected organization. Fifty operators from the turpentine belt were present. The organization of the Georgia operators undertook to be in close harmony with the recent action of the Turpentine Operators' association of Florida, which declared for a certain scale of wages for labor and placed a heavy penalty for the violation of the agreement. The scale adopted by the Georgia operators, however, shows an increase over that of the Florida operators. The scale of wages adopted is as follows:

For chipping round timber, 70 to 80 cents; back boxes, 70 to 90 cents; dipping, 40 to 60 cents for round barrels; raking 100 pines, 25 to 35 cents; raking crop of 10,500 boxes, \$12 to \$15; driving wagons, 90 cents to \$1.25 per day; scraping by the hour, 10 cents per hour; cutting boxes, 11½ cents for good round timber; for back boxes and swamp, 12 cents.

The following rates will be applicable to renters: Turpentine in barrels, virgin boxes, \$1.75 per barrel; yearling boxes, \$2 to \$2.50 per barrel; third year boxes and older, \$2.50 and \$3.50 per barrel.

A resolution was offered by J. W. Tiffin, of Baxley, and adopted providing a maximum penalty of \$200 to be imposed upon any member violating the wage scale.

The following officers were elected: President, W. G. Warnell of Hagan; first vice president, J. C. McCaskill, Bainbridge; second vice president, D. A. Bailey, Hawkinsville; third vice president, F. E. Field, Statesboro; secretary and treasurer, J. L. DeLoach, Hagan.

Check Pronounced Forgery.

Valdosta, Ga., Oct. 6.—E. D. Ferrell, proprietor of the Valdes hotel, in this city, was the victim of a smooth swindler a few days ago, and offers a reward of \$100 for the man's arrest. The party registered at the hotel under the name of W. B. Sheppard, and claimed to represent the Western Iron Works and Supply company of St. Louis. He gave the hotel man a check on the St. Louis house, signed by J. M. Herd, treasurer. The check was pronounced a forgery and returned by the house. It was stated that Sheppard had no connection with them and was not known to them, though they learned that he had been operating the same game in other towns, naming Opelika, Ala., and Tifton, Ga.

Light Monopoly Secured by City.

Jacksonville, Fla., Oct. 6.—Negotiations which have been pending for several months were closed Friday whereby the Jacksonville Electric company agrees to transfer to the city of Jacksonville its franchise for electric lighting and will retire from further competition with the city plant, thus giving the city the exclusive right to furnish electricity to consumers. The Jacksonville Electric company operates the street railway system here and has been furnishing lights and power to consumers in competition with the municipal plant, doing a business of \$60,000 a year.

Resigns His Commission.

Wichita, Kan., Oct. 6.—C. A. Mosher of Wichita received a commission as general in the Cuban army Wednesday and the next day he was asked to resign. His commission came directly from President Palma. He intended to raise a regiment of rough riders similar to the one led by Roosevelt in 1898. When Secretary Taft arrived in Havana, Mosher was asked to resign and return the contract sent him. In the same letter a draft was sent him for his salary as a Cuban general since the date of his commission. Mr. Mosher served in the Union army as a lieutenant in the Eighth Illinois infantry and is over 60 years old.

First Snow in Colorado.

Colorado Springs, Oct. 6.—The first snow of the season fell here Thursday. The temperature at Pueblo has fallen nearly 40 degrees in the past 12 hours, accompanying a snow storm.

FIVE MEET DEATH IN TRAIN COLLISION

Twenty Others Receive Serious Injuries.

"SPECIAL" STRIKES PASSENGER

Last Two Cars of Passenger Were Smashed Like Eggshells—Ladies Aided in Rescuing Victims—Bride of Single Night Among the Dead.

Lansingburgh, N. Y., Oct. 6.—Five passengers were killed outright and a score injured in a rear-end collision between a regular passenger train and a military special on the Boston and Maine railroad, directly in front of the Lansingburgh depot, north of Troy, about 5 o'clock Thursday.

The collision took place on a heavy grade and sharp curve.

The passenger train was one that leaves Boston daily at 9:30 a. m. for Albany. It consisted of five cars, a baggage car, smoker, day coach and two parlor cars, and was about one hour late when it reached Lansingburgh station.

Without apparently any warning the "special" came thundering along with 18 cars and crashed into the passenger train, smashing the last two cars, which were Pullmans, like eggshells.

Both these cars were swept from the track, and rolled down the embankment. The engine of the special kept on for a dozen yards and then turned turtle, the front end plunging into the ground and the car behind lying telegraphed by the tender.

The special was drawing four troops of the Fourteenth United States cavalry from Fort Ethan Allen, to Newport News, where they are to embark for Cuba. The soldiers quickly got to work to rescue the injured. In a comparatively short time most of those pinned down by the wreckage were on their way to the Leonard hospital, near the scene of the wreck.

One man's grief was pitiable. His name was J. W. Dacey, and he ran up and down the track crying for his wife. In a few minutes her lifeless form was identified. They had been married Wednesday night at Arlington, Mass., and were on their honeymoon, having planned an extended trip.

Eight Convicted For Distilling.

Atlanta, Oct. 6.—Eight hardy mountaineers were convicted Thursday in the United States district court of illicit distilling, and three were acquitted of the same charge. The unusually heavy sentence of 12 months in the penitentiary was visited upon Virgil Strickland, whom the revenue officers allege is an incorrigible moonshiner. Strickland has been arraigned several times before on a charge of illicit distilling, and for this reason his sentence was made unusually stringent by Judge Newman. The United States grand jury was in session throughout Thursday morning and returned five true bills for illicit distilling and four no bills.

Congress of Republicans Closed.

New York, Oct. 6.—A Buenos Ayres dispatch to the Herald brings news that the congress of Spanish Republicans, composed of representatives of the majority of Spanish societies in the Latin-American republics, has just closed. The congress approved declarations that most of the present politicians are incompetent and that revolutionary action is necessary to establish a republic in Spain. They declare that the disasters of the war with the United States should be attributed to the political incapacity of monarchical institutions.

Georgia Negro Held by Police.

New York, Oct. 6.—Harry Parker, a negro laborer about 40 years old, was arrested on a charge made by his wife that he had conspired with her that he had murdered two white men in Pike county, Georgia. The woman said she was arrested in making the complaint against Parker because he had threatened to kill her after a quarrel. Parker is now held in the city jail.

WILLIAM THOMAS AGAIN AT LIBERTY

Judge Wills Granted Bail in the
Sum of \$3,000,

WHICH WAS PROMPTLY PAID

The Prisoner Now at Home With His
Family—Judge Wills Unhesitatingly
Decided Case Bailable One Upon
Hearing the Evidence.

The habeas corpus case of William
Thomas, before Judge Wills at Starke
today, on appeal from Justice Col-
man's court, in which bail had been
granted the prisoner for killing Maxie
Hoffeld, resulted in bail being granted
the sum of \$3,000. The lawyers ar-
gued the case briefly, after which
Judge Wills rendered his decision, and
Thomas promptly gave the required
bond and returned to his home.

It was the general opinion of those
who heard the evidence at the prelimi-
nary trial that bail would be granted
by Judge Wills.

IN THE MAYOR'S COURT.

Two Men Arraigned for Assaulting
Another With a Hatchet and Saw.

There was a most interesting ses-
sion of the mayor's court Tuesday
morning, which probably belonged to
a justice's court, owing to the gravity
of the offense upon which two men
were arraigned.

Solomon Welch and Chas. Harrod,
two negroes who are employed as driv-
ers of the ice delivery wagons, were
charged with having unmercifully as-
saulted and cut about the head one
Hector Bennett, another colored man.

The evidence in the case went to
show that Bennett, who was driving a
single team, broke down in the mid-
dle of the road. He was overtaken by
the two men driving the ice wagons,
when he was commanded to clear the
road. Bennett, it is stated, told the
men that he could not move, as his
wagon was broken down, and when he
refused to "pull aside" the men got
down and assaulted him.

It is claimed that Welch, with a dan-
gerous-looking saw, jumped onto Ben-
nett and cut him severely about the
head, and that Harrod, armed with a
substantial hatchet, was standing by
and ready to render any aid neces-
sary.

After the scuffle and the injury, it is
stated that Bennett came to the city
and had a warrant sworn out for the
arrest of Welch and Harrod. They
were released upon bond of their em-
ployer, but in the mayor's court they
were fined the insignificant sum of \$5
and costs, and were not willing to pay
that, which they have not done, as
they have taken an appeal through
their attorney, Evans Haile, and have
given bond for their appearance at the
next session of the circuit court.

THE NEWS FROM WINDSOR.

Opening of School With Twenty Pu-
pils—White Fox After Chickens.

Windsor, Oct. 5.—People around
Windsor are busy planting fall gar-
dens. There are several patches of
fall beans that are up nicely and look
very promising. Sugarcane is profit-
ing by the continued rains and the
prospects for syrup look very good
throughout this section.

ter, Miss Lillian, started for North
Carolina Thursday, where Miss Lillian
is to enter school.

C. L. Hobbs and family moved into
Windsor last week. We are glad to
welcome them and hope they will be-
come permanent residents of our little
village.

C. R. Spivey of this place has ac-
cepted a position with Mr. Bobbitt of
Micanopy, and started Tuesday to take
up his duties.

Mrs. Hobbs opened school Monday
with an enrollment of twenty pupils.
The patrons and children all look for-
ward to a successful term.

A number of the people have had
considerable annoyance lately in the
way of something disturbing the
chickens at night. Last evening, J.
W. Tillman, L. E. Story and S. D.
Thomas determined to watch for the
depredator at the chicken roost of Mr.
Tillman, which had been visited quite
frequently of late. Near midnight they
succeeded in seeing the cause of all
the trouble. It was a fox, and the pe-
culiar part of it is, they declare the
fox was snow white. They tried to
effect a capture but reynard conduct-
ed a successful retreat to the woods.

CONTAGIOUS BLOOD POISON THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only
those who contract it suffer, but the awful taint is often transmitted to inno-
cent offspring whose lives are blighted and bodies diseased because the
virus of Contagious Blood Poison has been allowed to remain in the family
blood. The first sign of this disease

is usually a little pimple or blister,
then a red rash breaks out, the mouth
and throat ulcerate, the hair comes
out, copper colored spots appear on
the limbs, back and breast; and as the
disease more thoroughly pollutes the
blood, sores and ulcers form and if
the trouble is not checked the finger
nails drop off, and the soft bones
of the nose and head are destroyed.

FAIR COMMISSIONERS NOW ALL APPOINTED

County Commissioners Have Made
Selections in Full.

SELECTIONS ARE VERY GOOD

Callison as General Commissioner, Ramsey as Special, and Hilleary, Graves and Blitch as Sub-Commissioners—Success is Assured.

The Board of County Commissioners met in regular session Tuesday and Wednesday; a great deal of business of importance was disposed of, but one of the most important at this time was the appointment of sub-commissioners for the collection of exhibits of Alachua county for the Florida State Fair, which is to be held in November of the present year.

The selection of these commissioners was a general discussion, and a great many compliments were paid to various residents of the county, all of whom are good men. It was particularly desired, at this time, however, to secure representatives and workers whom the board recognized were enthusiastic and earnest workers, and people who would make themselves and the county a credit at the great fair, and the whole thing simmered down resulted in the appointment of the following as sub-commissioners: H. S. Graves of North Gainesville; W. Madison Blitch of Santa Fe, and A. U. Hilleary of Micanopy. These men are known to be men of integrity and worth, men who are competent to do the work put before them, and for this reason they were selected.

It will be remembered that the Board of County Commissioners at their special meeting in September selected N. A. Callison as the general commissioner, with the understanding that he was to have the assistance of sub-commissioners. Mr. Callison, who is already a very busy man by virtue of the fact that he is the manager of the Spring Park stock farm, and is preparing the individual exhibit of that farm, consented to accept this position with the assurance that good men would be appointed to assist him, and now, that the appointments have been made, it is safe to assert that the work will go ahead without delay.

Mr. Callison, who has been on a brief visit to his old home in Illinois on account of his health, returned to the city Wednesday. He is again in fine physical condition, and has a heart full of ambition and energy. He proposes at once to make a system, assign his associates to work, and it goes without saying that the coming exhibit at the State Fair of Alachua county will be one of the very best there.

Manager Callison, who is a pioneer worker, has promised to secure and look after this department personally. John G. Dampier, chairman of the Board of County Commissioners, is somewhat enthusiastic himself, and as much as he knows a thing or two

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

about cotton, he has promised the Board that he would look after the cotton display. Being the leading cotton producing county in the State, and "Uncle John" knowing his business, is a guarantee that Alachua will "be there with the goods."

Perry G. Ramsey of Wacahoota, a commissioner and one of the leading and most energetic citizens of the county, was appointed in September a special commissioner to secure an exhibit of forestry, which means that we will have the best display on the ground. Mr. Ramsey accomplishes what he undertakes, and we may expect full ten points on the wood exhibit. He has been at work several days in making collections.

The men selected for this work of getting up the exhibits are all enthusiastic, successful workers, and, with the co-operation of General Commissioner Callison, we need have any fear but that Alachua county will be at the fair in proper shape.

Our people must not overlook the fact, however, that they are expected to assist. Everybody must put his shoulder to the wheel, and no opportunity should be overlooked or neglected to help these commissioners in their work.

The County Commissioners will meet General Commissioner Callison and the sub-commissioners on the 17th inst., which will fall on Wednesday.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

An Interesting Case.

One of the most interesting cases which has come up in the United States land office for some time was the contest case heard before Hon. Henry S. Chubb, receiver, Wednesday. The complainant in the case was W. N. Camp, and the defendant Thos. W. Johnson. The complainant is at present and has been for some years an extensive phosphate miner, and his claim is based upon an allegation that the land in question, which is Mr. Johnson's homestead, is more valuable for mineral than for the agricultural purposes, hence the complainant makes his prayer.

The decision has been reserved.

Danger from the Plague.

There's grave danger from the plague of coughs and colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls of Forest City, Mo., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures lagrippe, gives wonderful relief in asthma and hay fever, and makes weak lungs strong enough to ward off consumption. Coughs and colds. 50c and \$1.00. Guaranteed by all druggists. Trial bottle free."

STONEWALL CAMP OFFICERS.

List of Confederates Who Have Des-
tinies of the U. C. V. in Hand.

At the request of the Commander of Stonewall Camp of Confederate Veterans, we publish a list of the officers of said Camp:

Horatio Davis, commander; John R. Zetrouer, first lieutenant-commander; W. M. Blitch, second lieutenant-commander; John T. Fleming, third lieutenant-commander; E. C. Chitty, fourth lieutenant-commander; John C. McGrew, adjutant; John Fennell, quartermaster; J. L. Boulware, commissary; Dr. J. F. McKinstry, Sr., surgeon; Van T. Ellis, chaplain; J. S. Dupuis, treasurer; O. C. Drummond, sergeant major; T. M. Venable, officer of the day; J. M. Vanlandingham, color sergeant; John F. Wood, vidette; L. L. Hill, first color guard; A. W. Tolbert, second color guard.

The commander earnestly requests such officers to be present at the meeting to be held in Gainesville on November 8, 9 and 10, and otherwise to do what they can to make such meeting a success; and he extends an invitation to the sons of Confederate Veterans living in the county to be present and hear of what noble deeds their fathers did in a cause they considered just.

KIRBY SMITH CHAPTER

Will Tender Banquet to Confederate Veterans on November 9.

There was an interesting meeting of Kirby Smith Chapter, United Daughters of the Confederacy, at the home of the president, Mrs. John Chesnut, Thursday afternoon, which was well attended, and at which a great deal of business was transacted.

Among the most important business was the discussion of the coming reunion of the Confederate Veterans in this city, at which every camp in the State will be represented. This reunion will be held on November 8, 9 and 10. It will be a State reunion, and promises to be a big thing for Gainesville.

The ladies of Kirby Smith decided to hold a big reception to the Veterans on that occasion, which will be given on the evening of Friday, November 9, and at which all Veterans and Daughters are expected. The committee of arrangements will go to work with earnestness towards making this reception a grand success, and it is needless to add that they will be successful.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." SUDDEN DEATH OF DR. WM. SUTHERLAND

Passed Away While Reclining in
a Hammock Friday.

WAS A PROMINENT MAN

Dr. Sutherland was engaged to numerous orders, and has been identified for several years as a Surgeon of the Atlantic Coast Line, and a Man of Ability.

While laying comfortably in a hammock, apparently at ease and enjoying a rest after taking a drive Friday afternoon, Dr. William Sutherland of High Springs suddenly fell back, gasping a few times, and in the presence of his friends died within five minutes.

Notwithstanding that the aid of two physicians who happened to be in the Odd Fellows' Sanitarium, where the death occurred, were summoned, and every effort was made to save the man's life, Dr. Sutherland passed away as he had lived—peaceably and in a generous and happy manner.

The deceased was fifty-four years of age, and was a French-Canadian by birth, having been born in the Province of Quebec. He has been in Florida for twenty or fifteen years, the greater part of which time he has spent at High Springs, where he was well known and popular, and where he had gained a large and lucrative practice. In connection with his regular practice he was a surgeon in the employ of the Atlantic Coast Line, which in the main caused him to settle in High Springs. Always clever, always good and generous, he gained friends who have always stood by him, and who will regret to learn of his sudden death.

Dr. Sutherland came to this city on Tuesday, where he went to the hospital and underwent a surgical operation, but this operation had nothing to do with his death, as physicians claim that it was kidney or bladder trouble. Since undergoing this operation he has been quite active, and in fact never remained in bed. He was out for a drive Friday afternoon, was in excellent spirits, and had a talk with friends about his future and certain business methods which he proposed to put into effect, regarding especially some valuable property which he owned in this city. He had talked of the benefits Gainesville would eventually derive from the improvements now being made, and stated that he was willing to stand his share of the burden, and proposed to further improve his property so that it would realize to him a better percentage.

It was after this drive that Dr. Sutherland, apparently fatigued, sank into the hammock at the Odd Fellows' Home, where he was located—and in ten minutes he was dead.

Mrs. Sutherland was at High Springs. She was communicated with by telephone, and will arrive in the city by first train this morning. Deceased has several children in the North, all of whom have been notified, and the remains have been turned over to Undertaker Robert McClellan, who will hold them until the arrival of those children who can come.

Deceased was a prominent secret society man, being a member of the Masonic Fraternity, Odd Fellows, Knights of Pythias, Elks and Red Men. The Elks will likely take charge of the ceremonies when it is decided to make the interment. Being a member of the Episcopal church, it is to be assumed that the ritual of that church will be observed in the burial service.

Deceased is survived by a widow and several children. He was a brother-in-law of Mrs. M. B. Saunders of this city.

Funeral Notice.

The funeral service of Dr. Wm. Sutherland will be held in Holy Trinity Church at 1:30 p. m. Tuesday, after which the remains will be escorted by the various secret societies of which he was a member to Micanopy for burial by special train on the A. O. L. The interment will be in charge of the Masonic Fraternity of High Springs. The Masonic bodies, Odd Fellows, Rebekahs, Knights of Pythias and Elks of this city, also the same societies of High Springs and Lake City, are expected to be present.

A special train will leave High Springs Tuesday at 12:30 p. m., arriving here in time for the funeral service, and the party may proceed to Micanopy with friends from Gainesville. All friends of High Springs are invited to join with the members of the secret orders and attend this service.

NEWS FROM ALACHUA.

High School in a Prosperous Condition—Large Corn Crop.

Alachua, Fla., Oct. 6.—Dr. Jim Bishop ran up to Ancilla this week to take his brother, Master Isaac, home and spend a few days with his parents.

A. M. Westphal of Island Grove came up on the 2d to enter his daughter, Miss Lola, in the Alachua High School.

Masters Leon and Earle Traxler of Traxler entered the Alachua High School on the 1st.

C. V. McQueen of Lexington has moved his family to town, so that his children may have the excellent advantage afforded by our school.

The enrollment of the Alachua Junior High School is increasing almost every day. The number now enrolled is greater than the enrollment of any previous term at this season of the year. The school is thoroughly organized and the work is progressing very satisfactorily. The school is not making attempt at display, but from the standpoint of discipline and good, honest, faithful work, we invite comparison with any other school in the State. The conduct and spirit of the school is unsurpassed. In appearance, intelligence, behavior, and the faithfulness and energy with which each lesson is prepared and recited, the sixteen girls who make up the high school department are unequalled by any like number the writer has ever seen. But alas for the boys—there are none in the high school department. On this question the writer will have something to say in the future.

Most of the cotton is picked, and is being brought to the gins very rapidly. Bell & Pettit's gin is kept busy and Turner's is running night and day.

The farmers of this section have produced a large corn crop, and the shortage in the cotton crop is offset by the abundant "hog and hominy" crop. Most of the corn has been gathered and one farmer states that he has made enough to supply his needs for two years.

Mr. Smith of Cedar Town, Ga., has accepted the position of prescription clerk in the drug store of Dr. J. C. Bishop. Mr. Smith seems to be a splendid young man, and we welcome him to our town.

HIGH SPRINGS NOTES.

Mrs. G. P. Webb and Family Remove to Dunnellon.

High Springs, Oct. 6.—Mrs. G. P. Webb and family are leaving High Springs for Dunnellon, where their future home will be. Their departure caused universal regret in town. Mrs. Webb has been organist in the Methodist church and a leader in all church work for the nine years she has lived here, and her children have grown up to be useful and popular members of society. The loss of such a family leaves a vacancy hard to fill.

Mrs. P. P. Wood and Little son, Paul, have returned from Dunnellon, where they have spent several weeks delightfully, enjoying the fine bathing, fishing and sailing.

Mrs. M. P. Summers, who has been spending a few weeks in Tampa, the guest of her grandfather, Dr. Mathers, has returned much improved in health.

Drs. Williams & Williams of Jasper spent a week here, doing some fine dental work.

Mrs. W. T. Knight of Savannah is the guest of relatives here, Mr. and Mrs. P. P. Wood.

B. R. Piper of Jacksonville has concluded a successful canvass of High Springs and placed the Students' Reference Work in many homes.

The Spider-web party given by the ladies of the Methodist church last week was a success, both socially and financially.

Death of Mrs. Lyell.

From Sunday's Daily Sun.

Died, at the residence of Mrs. M. C. Lartigue yesterday afternoon after several weeks' illness her only daughter, Kate, the wife of F. W. Lyell, recently moved to this city from Orlando.

Mrs. Lyell was the daughter of Captain Lartigue, formerly a resident of Gainesville, and sister of our well known citizen, Dr. E. Lartigue.

Mrs. Lyell is survived by her husband, two children, mother and three brothers. She was twenty-eight years of age.

The funeral will take place from her mother's residence 608 S. University street, at 3 p. m. today, Rev. T. J. Nixon officiating. The pall-bearers will be B. M. Tench, Henry Bartlett, J. H. Tench, Dr. Gordon Tison, Dr. J. M. Dell and James W. McCollum.

Friends are invited.

Whereupon the board adjourned to meet again October 9.

GAINESVILLE STILL LEADS.

Prominent Oregon Man Compliments This City Upon Cigars.

Gainesville is not only becoming famous as an educational center, but also as a manufacturing town, especially when it comes to cigars.

It will be remembered that several weeks ago H. S. Thomas, proprietor of the La Matanzas cigar factory in this city, received an order for 500 cigars from Henry North, vice-president of the Polson Implement Company, Portland, Oregon, for private use. Mr. North stated that he met a friend from Gainesville with a pocket full of the University brandfeigar, and that he liked the cigar so well he wanted to place the order.

The goods were shipped, and in due time a check was received, with the information that Mr. North was well pleased and that he regarded the University cigar "the best ever put on the market for the money."

Mr. Thomas is yet working a small force, but his goods have had a remarkable run, and it has been impossible for him to keep up with his orders even in the city.

JUSTICE COLMAN'S COURT.

John Sparks and Wife Arraigned Upon Two Separate Charges.

John Sparks and wife of Kirkwood were brought to this city Saturday and arraigned before Justice Colman.

The woman was charged with the larceny of a grip, while her husband was alleged to have obtained goods under false pretense. The woman was fined \$5 and costs and the fine remitted, while the husband was less fortunate, having been bound over in the sum of \$105 for appearance before the circuit court. Bond was furnished, however, and he was released.

FINE PROGRESS AT THE PUBLIC SCHOOL

Week Closed With An Enrollment of More Than 400.

A MOST EFFICIENT FACULTY

The Students are Bending Every Energy in Their Studies—Handsome Silk Banner to Be Awarded—Other School Notes of Interest.

The University High School closed the first week of the present session Friday, with an enrollment of 425 pupils, eighty of which are in the High School department proper.

Judging from expressions from the principal, teachers and pupils, the year promises to be one of the best in the history of the school.

The organization has been completed and the machinery is already running as smooth as clock work. Everybody connected with the school seems to be happy, and the teachers are enthusiastic over the outlook.

The hold-over teachers have taken up their work with renewed vigor and interest, while the new ones have already all fully justified the wisdom of the board in selecting them. The school has without doubt a faculty the equal at least of any school in the State.

Chapel exercises are held in the auditorium at 8:25 a. m. The principal requests The Sun to announce that a cordial invitation is extended to patrons and friends of the school to attend these chapel exercises, that they cannot come too often, and that they will not only be welcome but their presence will be greatly appreciated. The more interest the parents take in the school the more the school is able to do for the children.

At chapel exercises Friday, the principal announced that at the end of the first month a silk banner would be presented to the grade showing for the month the best attendance and deportment. The honor grade each month will be entitled to banner.

Three medals were announced for the High School—one each for the Freshman, Sophomore and Junior classes, for proficiency in English, Latin and mathematics.

Weekly Notes.

(Furnished by Pupils and Teachers.)

The Eighth grade declare they are not only going to win that banner, but are going to hold it. But the Sixth grade declare they will have something to say about that.

Beginning Monday we are going to see how neat and clean we can keep the school yard. The boys propose to keep their side just a little nicer than the girls keep theirs.

Two literary societies will be organized next Friday. These societies will meet each every other week in the auditorium at 2:10 p. m. Friday.

If anybody wants to see a big room full of busy, happy little people, just let them peep into the first, second or third grade rooms about nine o'clock in the morning.

Miss Rosabel Pedrick plays the marches and Miss Ruby DeLand the songs at chapel exercises.

The pupils are improving every day in marching in a quiet and orderly manner to and from their rooms.

The Seventh grade boys say they will know the right door from this time on.

Those High School and Eighth grade boys were not kept in last Wednesday afternoon. They were very kindly helping the principal take up and rearrange the desks in Miss Trotter's and Mrs. Coffey's rooms.

Miss Brant says she not only has the largest class in the grammar grades, but it is going to be also the most orderly and best working one before long.

The principal was wearing a beautiful hibiscus flower Friday. The question is, where did he get it?

The girls are thankful to the principal for giving them back their side of the school yard.

Dr. Kelley and Col. Hampton made fine speeches at the opening exercises last Monday. We hope they will come often. Mr. Vidal is going to make us a speech the next time he comes.

Pensacola will soon again have her head above water.

For quitters the Cuban is ahead of any nationality on earth.

Pensacola grins her teeth and announces to the world that while a little disabled, she is still in the ring.

Three or four more libel suits would only add to the interest of Florida journalism. They seldom serve any other purpose.

In nearly every instance in which passenger rates have been reduced by the railroads receipts from the traffic have largely increased.

Fires, freezes and floods have done their part to stay the progress of Florida. But even these agencies are failed to keep us back.

The United States exported to Cuba during the fiscal year ending June 30 various products to the value of \$1,763,688, as compared with \$88,030, during 1905.

If Hearst succeeds in having himself elected Governor of New York, he will need all the votes already pledged to him in the next Democratic National Convention.

Old Tarpe caught it where the chick-adee got the ax in the late storm in West Florida. The damage to the naval base interests will be a big factor in determining the total extent of the damage done.

THE SPECIAL ELECTION.

A special election will be held in this city next Tuesday for the purpose of amending the city charter so as to permit the council to do away with the publication of ordinances. The people have been appealed to to vote for this amendment on the ground of economy, but if the taxpayers consult their interests they will vote against the amendment, and let the charter stand requiring the publication of ordinances, as this is the only method by which the people can keep posted relative to what the council does in the way of passing laws. True, the publication of ordinances has cost considerable under the new charter during the past year, as is always the case under similar circumstances, but this expense has already been incurred, and the City Council has spent more money during the past year in their efforts to do away with the publication of ordinances than the publication would have cost for the next year.

There is not a city the size of Gainesville in the State of Florida in which the ordinances are not required to be published for at least four weeks, and if the people desire to be informed as to the legislation enacted by the council they will vote against the amendment.

Following is the form of ticket to be voted. Be sure to place an X-mark where it appears below:

Vote for one:

FOR approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council

AGAINST approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council.

WE CAN AFFORD TO BE FAIR.

It is reported that in his Bronson speech, in answer to the question, "How about taxing land in one part of the State to drain another section?" Governor Broward replied that the constitutional amendment did not contemplate any such injustice. It is also reported that the Governor expressed his regret at not having a copy of the amendment with him, so as to have made his reply to his fellow citizen more complete.

We do not believe that Governor Broward thus misrepresented the matter. The constitutional amendment does contemplate the taxing of one section of the State for draining another. In fact, it contemplates and provides for all kinds of extravagant situations, and gives to the people of Florida no redress. Under the provisions of that amendment, were it to pass, the drainage commissioners, which are virtually the Governor and members of his cabinet, could levy taxes within a prescribed district in Escambia county in order to raise money for draining the Everglades, for it gives to the drainage commissioners the right to set aside any section of the State, or the whole State for that matter, and levy a tax not to exceed ten cents per annum per acre.

That is why there is such universal opposition to this amendment throughout the State. It takes from the people of Florida their rights and transfers them to a board of which the Governor of the State is at the head. There could be no appeal from the decision or action of this board. The Legislature would be powerless to represent the people of Florida in the matter, and the Governor and those of his cabinet who would be members of the board would levy the taxes, collect the money and disburse it, without the slightest right on the part of any delegated authority in this State to either supervise or restrict their actions.

If draining the Everglades is a good thing, why not have it accomplished in a business-like way? Why create a political machine which would be all-powerful. The Sun does not think that the people of Florida will vote to transfer their rights to a party of five or six men without placing some restrictions about them.

The proposed amendment places too much authority in the hands of a few. For this reason it is dangerous. A law of this character would be dangerous even if it came upon the statute books of the State by legislative enactment. But to incorporate such a law into the constitution is fraught with even more danger.

THE NEGRO IN JACKSONVILLE.

The police department of the city of Jacksonville ought to profit by the lesson of the Atlanta riot and at once close the many dives operated by negroes. We venture the assertion that there is not a city in the South where the negro is given such full away as in Jacksonville. That city has long been looked upon as the negro paradise of the South, and it is evident that she has earned the distinction.

There are a great many industrious and honest negroes in the city of Jacksonville. It is a fact that the race in that city has made great progress and that it is well represented on the tax books of both the city and of Duval county, but there are entirely too many of the worthless class in some of the sections of Jacksonville, if we are to depend upon some of the reports in the papers of that city from time to time. And to make matters worse, Jacksonville has some of the most vicious trouble-makers among her negro population to be found in the country. Recently a negro paper published there was bold enough to openly attack the white people of the South and charge that they were inciting the negro to assaults upon the women of the South. The utterances of this negro journal would be accepted seriously and have prompt attention if it were published in almost any other city of the South. Saying less than did the Jacksonville colored paper, forced a negro editor and preacher to leave Augusta between suns. But in Jacksonville the negro has too much away and too little attention is paid to seeing that he is kept within bounds.

Two negroes have for years been permitted to occupy seats in the city council, and one of them was recently insultingly arrogant in his references to his colleagues.

The time has come when the white people of the South cannot afford to tolerate the negro in any public position. Jacksonville may not realize this now, but she will in the very near future.

TOO MUCH GREED.

The death of the new Cuban government was the direct result of political greed, and not of mismanagement of the affairs of the island, as has been charged.

It was the same old story of the Latin American republics. Once a crowd of politicians get into office, there they remain until they have been ousted by a force of arms. It matters not which one of the two political factions of Cuba were in charge of the government, the row would have come just the same. The recent developments in Cuba remind us of a statement accredited to Dr. Andrade, formerly the Venezuelan minister to the United States. He was asked by ex-President Cleveland how presidents were elected in this country. The reply came quickly and without much thought. It was: "By force of arms."

That expresses the situation precisely in all the Latin-American countries. By force of arms the element in charge will retain their power, if really they are not elected in that manner. We can see but little hope for the Cubans. Once this squabble is settled, and another president elected, there will be another protest for a new election, and if that protest is not granted the United States may be depended upon to take charge of affairs if this dissatisfied element can succeed in making sufficient noise. When Secretary Taft assumed charge of the Cuban government the Republic of Cuba was just as dead as though the island had been swallowed up by the sea. The Cubans may have another chance, but the example set by the American government is not calculated to make Cuba behave herself. We have taken charge of the affairs of that island and in doing so have sided with the revolutionists. The next gang which is not satisfied at the manner in which affairs are being conducted in Cuba may secure the same favor from this government by asking for it.

This is the second time that the Roosevelt administration has gone on record as favoring rebellion. It gave its approval of the acts of the rebels in Panama, and Taft has just decreed that the rebels in Cuba were in the right, and brought the government of the United States to back them in their demands.

A dollar may seem a small matter when you borrow it, but if you let the interest accumulate for a few years it will seem as big as a Ferris wheel when you come to pay it.

A girl in her teens with too many and too costly clothes on her back, gets self-conscious and vain, and loves admiration—and you grown-ups know the next step. A simple, pure-hearted girl, who has a place in a home, home-work and home duties, has her heart there and no boy can steal it. Even when maturity comes and a real man comes, and a real affair of her heart comes, will such a girl leave home, and then only after heart-rending. But a girl who is at home only at the table and in the bed won't love that home. Work makes things sacred. The child whose home memories are not haloed by work, who is not needed and does not feel the need, will not love home. And if she doesn't love the home of her girlhood she will love no other. She will go anywhere for anything. Home will mean nothing to such a woman, and if she is respectable she will only lack the opportunity to be a bad woman and is good only through circumstances or by the necessity of an ugly face. She will curse any man she marries.

Secretary Taft states that he ascertained that the elections in Cuba were rotten to the core and were fraudulent throughout. Evidently but little time was required in arriving at that conclusion. If the elections which placed Estrada Palma again at the helm were as rotten as those conducted under the supervision of General Wood for members to the first Cuban Constitutional Convention, then they were hardly to be referred to as a farce. Cuba kept pace with the improved and modern methods of government taught the politicians of that island by the representatives of this country. Nothing more.

A small Kansas boy was once called in to view his new born-baby brother. He looked it over with dissatisfaction, and finally asked: "Mamma, where did this thing come from?" "An angel brought it, Jimmie." "Wuz you awake when he came?" "Certainly, Jimmie." "Well, then, mamma, all that I have got to say, is that you are dead easy. I'd like to see an old angel put off such a looking thing on me. But I reckon we are stuck unless I kin work Johnny Green to trade it sight-unseen for one of his spotted pups."

In this age of trusts the newspaper man has not been forgotten, and so we have the type foundry trust. There can be no doubt as to its existence with the present price of printers' material, all priced alike in the different catalogues, and all cuts on discounts coming from the different houses in the same form and at the same time. The publishers have been quietly endeavoring the extortion of the type foundry for years, and it is time we had our feelings.

To bring up a child in the way he should go, travel that way yourself. Stories first heard at a mother's knee are never wholly forgotten—a little spring that never dries up on our journey through scorching years. The sooner you get a child to be a law unto himself, the sooner you make a man of him. Children need models more than criticism. We can never check what is in the young unless we cherish what is good in them.

J. W. White has been named as one of the commissioners to the Tampa Fair. White is a hostler, and Duval county will have an excellent exhibit if he lets to have his way. He can do more in the exhibit line with a little money than most any man in this State.

The progress of cities is measured by the public spirit of their inhabitants. Men whose only interest is in the success of their individual business may make money for themselves, but they cannot build successful cities any more than a pile of stones can furnish sustenance for growing plants.

The United States, although the youngest among nations, manufactures more goods, sells more merchandise, raises more produce, employs more labor, pays more wages, gives more comforts to its people and has more happy and prosperous homes than any nation on earth.

A. K. Taylor, the cartoonist who has been arrested on a warrant sworn out by ex-Governor Jennings, received the following not very comforting telegram the other day: "Sherman is going to give you what Sherman said about war."

With some people it appears to be all right to eat almost any kind of adulterated food, so long as it hasn't been publicly exposed. What they can't stand is to have the neighbors know what they are eating is under suspicion.

FOR SHOOTING CRAP THE MEN ARE FINED

Marshal Pinkoson and Officer Warren Made a Big Haul.

THE FINES WERE LIGHT

But Despite This Two Were Unable to Pay Out, and Must Serve Fifteen Days Working On the Streets.—A Crap Game Interrupted.

One of the most important sessions of the mayor's court held in Gainesville for several months was that of Monday morning, when nine offenders of the law were hauled up on charges of indulging in that great and familiarly known among the college population as craps.

Information was published in the Sun of Friday morning, stating that Officer Pinkoson had arrested nine men while engaged in the favorite game. The Sun neglected to mention that Officer Pinkoson had been aided by Chas. Warren, who has served on such missions and knows how to handle them. The whole bunch had been taken in, and some gave bail, while others were required to go to jail.

In the mayor's court all were arraigned and fined \$2.50 and costs each. Chas. McFadden, Will Bell, Mack Tisdale, Mack Street, Thomas Hicks, H. Anderson and Will White paid their fines, while Chas. Hill and William Smith could not raise the price, and were remanded to jail. They will serve fifteen days on the streets if they cannot produce the amount of fine and costs.

Don't Be Imposed Upon.

It is the best remedy for coughs and colds. J. W. McCollum & Co.

The Osprey.

In the highlands of Scotland at the present time the osprey usually makes its nest in the flat top of a pine tree, but formerly it just as frequently selected a battlement or a chimney of some ruin, generally on an island. The nest is a pile of sticks as much as four feet high and as many broad—the accumulation of many years—intertwined with turf and other vegetable matter, lined with finer twigs and finally with grass, much of it often green.—Glasgow Times.

Camp of Woodmen of World Instituted.
Personal Notes of Interest.

Archer, Oct. 4.—Guy and Sam Fleming, who have been in North Georgia for several weeks on account of illness of Sam, report that Sam is getting better and will be home before long.

Rev. Waddell is home again, after a visit to his family in Marietta, Ga. His wife has been quite ill, but is getting better.

Hodgson & Wood have finished a large cotton shed, and their gins are running regularly.

W. H. Powell and family are home again from Tate Springs, Tenn., where they have been spending some time.

Will Anderson of Bronson is clerking for Fleming & Son.

State Organizer Dame of the Woodmen of the World installed a camp at Archer on Monday night. A team of sixteen from Gainesville came down and a log rolling of the old kind was held. Candidates say they got all that was coming to them.

Dr. Julian and wife are back again. The doctor's health is somewhat improved.

Postmistress Minnie Snively is home again from a summer visit to Boston. She is improved in health, and glad to get home. Miss Annie McLeon has been keeping postoffice during her absence.

Adams Sends in Declination.

Savannah, Ga., Oct. 5.—The formal declination of Judge Samuel B. Adams of the nomination of the Democratic convention for the First congressional district, as a representative in congress, was received by the committee Wednesday afternoon at 1 o'clock. The reply of Judge Adams was sent to M. A. O'Byrne, a member of the committee. This means that when the convention meets here Friday the contest between Walter W. Sheppard and J. A. Brannen for the nomination will be renewed. The convention will meet in the city hall.

Operation Was Successful.

New York, Oct. 5.—The light that failed three years and left Margaret Huber, then 7 years of age, stone blind, has been brought back by a series of operations which ophthalmologists declare remarkable. The knife was used in an extreme case of iridocyclitis, and the chances seemed to be 100 to 1 that the operation would be unsuccessful. Accepted authorities on eye diseases state that in such extreme cases are rarely successful. John A. Price, of the ophthalmic department of the German Poliklinik, performed the operation.

A BEAUTIFUL TRIBUTE.

Miss May Moore of Antioch Passed Away in Macon Recently.

May Moore, born near Antioch, Fla., January 20, 1891, died in Macon, Ga., September 28, 1906, aged fifteen years, eight months and six days.

After being confined to her bed for only one short week with bilious fever, she breathed her last at 6 a. m. Wednesday, September 28, and passed into the great beyond.

Her parents and physician had carefully and lovingly nursed her through the fever, and all thought her safe, when the brittle thread of life was broken and her gentle spirit passed away.

From her earliest childhood she was devotedly loved by her fond parents, and their great ambition in life was to rear their darling aright. Every means at their command was used by them to educate, cultivate and develop her properly with each succeeding year. And great was the reward of their labors.

In school she ranked first in her studies and deportment. She faithfully applied herself to all tasks imposed on her, and stood first in her classes.

She was the light and sunshine of her home, and doubly repaid the love and affection bestowed on her by her parents. She enjoyed the love, esteem and confidence of all her playmates, and her friends were only numbered by her acquaintances.

She possessed rare musical talent and her music was an ever-increasing joy and pleasure to her parents and friends. She was an excellent performer on the piano for her age, and steadily improving.

But she became so dear to her parents and friends that our Lord and Master called her, and her earthly body now rests in beautiful Antioch cemetery free from all sorrow and care.

No more shall we hear that sweet voice on earth—no more shall strains of melody be drawn from those beautiful fingers from instruments made by mortal hands. They now belong to the Heavenly choir and render celestial music on their harps of gold before the Great White Throne.

A FRIEND.

First Baptist Church, Macon, Ga., Sept. 30, 1906

Whereas, God in His all-wise providence, has seen fit to remove from earth our beloved Sunday school classmate, May Moore,

Resolved, First, In her death our class has sustained the loss of one of its most highly appreciated members. Her gentleness and sweetness of manner was ever an inspiration to us, and well worthy of our imitation. During the few short months we had known her she has not only endeared herself to us, but won our highest esteem and admiration.

Second, That to the bereaved parents we extend our deepest sympathy, and for comfort and consolation we point them trustingly to our Heavenly Father, "Who doeth all things well."

Third, That a copy of these resolutions be furnished to the family of our deceased friend, and also be spread upon the pages of our minutes.

Forges—baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. "So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson."

Millions of Securities Auctioned.

New York, Oct. 5.—Securities having a face value of \$1,500,000 and representing the entire capitalization of the Empire Sugar Refining company, have been sold at public auction at Adrian H. Muller's auction rooms. The company is one of the sugar concerns started by Adolph Segal, whose name had much to do with wrecking the Real Estate Trust company of Philadelphia.

IN BUSY MICHANOPY.

O. L. Feaster Purchases Valuable Interests from Dr. W. C. Johnson.

Micanopy, Oct. 4.—F. H. Ford of Gainesville is here with his daughter, who is under Dr. L. Montgomery's treatment.

William Johnson, the thirteen-year-old son of Dr. W. C. Johnson, who was accidentally shot last week, is getting along very nicely and we hope he will soon be out again.

Miss Ida McKenzie of North Carolina is here visiting her brother, W. B. McKenzie.

The Micanopy school did not start on Monday on account of Miss Collins, the principal, being called back to Georgia to her sick brother.

O. L. Feaster has bought out Dr. W. C. Johnson's interest in the magnificent three-story brick building that was built by Feaster & Johnson.

There will be an entertainment in Feaster's Opera House Saturday night, Oct. 6. A large crowd is expected as it is a good play and has never been played here before.

D. R. Little has moved into the Phillips house, now owned by J. W. Carter. Houses are now in great demand.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by all druggists.

Melrose News Notes.

Melrose, Oct. 4.—Mrs. M. J. Barnett is with her son, H. C. Barnett, in Hawthorn.

Mr. and Mrs. H. von Nozsky returned home this week.

Mrs. Yearwood and children have returned from their trip to Georgia.

Mr. Benton of Perry is to take A. W. Craig's place as wood's rider for Mr. Yearwood.

Frank Yearwood is going to school at DeLand.

Mrs. M. Corpew of Gainesville is visiting her sister, Mrs. Fickle.

Some of the young people gave Hartridge Lee a surprise party on Monday, which was enjoyed by all.

The Baptist Sunday school convention was held here last Friday, Saturday and Sunday with a large attendance.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" in The Sun.

From Friday's Daily Sun.

Henry Stokes and A. G. Lamb were in the city from Micanopy yesterday.

Samter Means of Alachua was a business visitor to this city yesterday.

The home of C. A. Colclough, West Liberty street, is being improved by an addition.

Mrs. E. C. Chitty and daughter, Mrs. Chas. R. Carter, were in the city from Micanopy yesterday.

S. T. and R. R. Thomas of Gordon and D. V. Maines of Montecocha were trading in the city yesterday.

Mrs. Evans Haile has returned from a delightful outing spent with relatives and friends in West Virginia.

Mr. and Mrs. G. D. Wallworth and child of Birmingham are here for a few days, guests of Mrs. M. A. Easterlin.

Mr. and Mrs. Chas. A. Marks of Ocala are in the city on a visit to Mrs. Marks' parents, Mr. and Mrs. T. B. Ellis, Sr.

Mrs. W. L. LeGrande and children have returned from Sparks, Ga., where they have been on an extended visit to relatives.

J. J. Jones, Lute Howell and J. B. Smith of Newberry were in the city yesterday. Messrs. Smith and Jones made The Sun appreciated and profitable calls.

Sheriff L. W. Fennell returned yesterday from Bronson, where he went to attend the marriage of his friend, Sheriff Walker, to Miss Davis, on Wednesday evening.

Mrs. Andrews and son of St. Louis are here on a visit to Mr. and Mrs. B. F. Dawkins. Mrs. Andrews was formerly Miss Jeffords of this city, and her numerous friends here will be delighted to welcome her again.

The home of S. M. Mixson, South University street, has been materially improved by an addition of a couple of rooms, after which the building will be treated to a new coat of paint. When completed it will be one of the most desirable homes in that section.

J. W. Means of McIntosh, a prominent young trucker of that section, was in the city yesterday. Mr. Means reports the recent arrival of a fine boy at his home, and inasmuch as this is the first-born, young married people especially will feel like congratulating him.

Mrs. Rachel Haile's friends are delighted to see her home again, after a delightful visit to her daughter, Mrs. Metz. She reports a "fine time," and judging from her healthy appearance, her acquaintances believe that she had it. She reports Mrs. Metz enjoying fine health.

O. D. Hoff of Evinston was in the city yesterday. He is one of the progressive truckers of that section, and says that rain is badly needed just now. The people of this and the northern sections of the county could very easily afford to "divide up" the sky juice, when both sections would be better off.

Mr. and Mrs. Alfred Warden, formerly of Michigan but more recently of Jacksonville, have arrived in the city, and are looking for a cottage preparatory to making their future home here. Mr. Warden is the traveling auditor of the Sumner Lumber Company. Himself and family will be gladly welcomed here as residents.

There was an interesting meeting of the P. O. S. of A. Wednesday evening, which was largely attended, and at which two or three candidates were initiated into the mysteries of the order. The order has been somewhat dormant for the past few months, but is picking up new life and energy, and is destined in a short time to regain its prestige.

After an absence of three months or more in Virginia, during which time they spent their time at Mr. Patton's old home, Timber Ridge, J. W. Patton and family have returned to this city, and will remain at home to their friends on North Prairie avenue, East Gainesville. They are looking well, and this is evidence that the journey, physical and mental, was a great benefit to them.

O. W. Morse, president, and H. L. Crawford, a large stockholder in the Gainesville Electric Light and Power Company, after a brief visit here in the interest of that company, have returned to their respective homes in Haverhill, Mass., and New York. These gentlemen are well pleased with the rapid development of Gainesville, which they declare is "going ahead" more rapidly than any city of its size in the South of which they have any knowledge—and they are extensively interested in many.

From Saturday's Daily Sun.

J. A. Roberts of Fairbanks was a business visitor to this city Thursday.

Captain J. A. Tucker of Rochelle was among the visitors to Gainesville yesterday.

Dr. L. Montgomery of Micanopy was among the visitors to Gainesville yesterday.

Miss Alice Stokes of Micanopy is in the city on a visit to her sister, Mrs. Alfred Davies.

H. C. Stevens, the popular jeweler of High Springs, was in the city on business yesterday.

Mrs. E. W. Millican and Miss Elina Thompson were shopping in the city from Waldo Thursday.

John Ware has returned from Brevard, N. C., where he has been recuperating for the past two months.

Mr. and Mrs. J. B. Smith have returned to their home at Newberry, after a pleasant visit to Mr. and Mrs. W. W. Colson in this city.

D. A. Miller of Micanopy was in the city yesterday. He came to meet his wife and children, who have been on a pleasant visit to Rocky Hill, S. C., for the past few weeks.

Burrell Wiggins and son, Ben, and W. A. Strickland, Jr., were in the city from Hague yesterday. Mr. Wiggins reports that the planters of his section are suffering for want of rain.

E. F. Vidal has purchased the stock and good-will of the Ruff Drug Company at Newberry, and will continue the business at the old stand. Mr. Vidal is an experienced prescription druggist, and will no doubt do a good business.

Captain J. S. Dupuis of Bland, one of the most widely known residents of that section, was in the city yesterday. Captain Dupuis had the misfortune to lose a fine mare by colic Monday night. The animal was valued very highly, and the owner had refused several good offers for her.

The first game of football of the season occurred Friday afternoon between the Gainesville and University teams, the score resulting in a victory for the town boys of fifteen to six. The game was fairly well attended, about 150 being present. There seemed to be considerable enthusiasm, and while the score was low, the game was thoroughly contested, and was a good one.

T. R. Pickett of Newberry was in the city yesterday. Mr. Pickett has been engaged in the manufacture of lumber for several years in this county, but recently with his brother, H. A. Pickett, purchased a valuable tract in Taylor county, which they propose to work. He was en route home from his tract, which he visited on business.

Road Overseer C. L. Thigpin was in the city yesterday. Mr. Thigpin states that the road between Paradise and LaCrosse, one mile of which he was directed to build by the county commissioners, is now graded and ready for the play, and that work would begin next week. The cost of this mile will be about \$1,200, but it will be a substantial road, and one which will wear for years.

Mr. Hismith of North Gainesville, who recently had the misfortune to break his arm, does not feel that his condition should in any way call for assistance of neighbors gratis, hence he has, in order to earn a living for his family, decided to take the agency for several books. Mr. Hismith, while independent in a measure by virtue of his pride, is dependent also in a measure by the fact that he is unable to work. He has accepted the agency of several good books, one of which is entitled "Steps to Christ."

Arthur B. Brown of Fort Pierce, a valuable attaché of The St. Lucie County Tribune, was in the city for a few hours yesterday, and made The Sun a fraternal call. Mr. Brown was en route to Alachua, where he will wed Miss Leila Cato, the charming daughter of Mr. and Mrs. Tam H. Cato, on the 8th inst.

It is with pleasure I announce the arrival of Mr. R. O. Eagle. Mr. Eagle is a thorough, practical piano man, having learned his trade in the great factory of Knabe Co., and Chas. Steiff, Baltimore. Mr. Eagle will be associated with me, having charge of the tuning department. Any tuning entrusted to his care will be guaranteed to give perfect satisfaction. A. R. HARPER.

J. N. Cauthen of LaCrosse and Belton Conley of Hague were in the city yesterday. Mr. Cauthen states that the LaCrosse school opened with an attendance of forty-five Monday, and with most flattering prospects. The teacher is Miss Lilla Fraser, one of the most popular young ladies in the county. She has the co-operation and support of both patrons and pupils, with the result that a successful term is anticipated.

Among the visitors to this city yesterday was Hon. Fred Cobbyer of Cedar Key, collector of customs for that port and Port Inglis, and a well known lawyer. He reports that little damage was done by the recent storm at Cedar Key, although the velocity of the wind at times was very high, and there was a big swell tide. The fishing industry was partially checked, but there was no serious damage, such as was sustained by other Gulf ports.

Lieutenant J. W. Blanding has returned to his home in this city, after a delightful and beneficial trip through the North and Canada. Lieutenant Blanding was a member of the Florida rifle team which participated in the National shoot at Sea Girt, N. J. From Sea Girt he went to New York City and Niagara Falls, visiting in the meantime Toronto, P. Q., Canada, where he attended the meeting of the Sovereign Lodge of Odd Fellows. He visited upon his return Boston and Attleboro, Mass., and Providence, R. I. In all, he has enjoyed a fine trip, but is glad to get home again.

QUARTERLY REPORT.

United States Land Office Has Enjoyed a Fine Quarterly Business.

The United States land office enjoyed a most prosperous business for the quarter ending September 30, as the following report will show:

Commuted entries, 50, aggregating 7,079.48 acres. Number homestead entries, 187, aggregating 21,441.38 acres; timber and stone entries, 48, aggregating 5,353.08 acres; final proofs, 84, aggregating 10,585.01 acres; warrant locations, 2, aggregating 340 acres. Amount received during quarter, \$75,849.80, divided as follows: From general entries, \$25,482.63; for timber tracts, \$4,367.26.

The register and receiver are very well pleased with the quarter's work, which compares favorably with any quarter of the same period in preceding years.

Congressman Clark Goes North.

Hon. Frank Clark, member of Congress, left Saturday for the North, where he will spend a short vacation for the benefit of his health.

Mr. Clark's health has not been good for several weeks past, and his physicians, Drs. Hoffman and McKinstry, strongly urged him to seek rest and a change of climate for a few weeks.

Mr. Clark regrets exceedingly the necessity of breaking certain engagements which he has made to speak in various parts of the State during the present month. He will return to the State as soon as he feels sufficiently improved to actively take up his work again.

A SELF-HELP COMMITTEE.

Faculty of the University of Florida Want to Help Young Men.

The faculty of the University has appointed a committee on "Self Help," whose duty is as far as possible to provide needy students with remunerative employment for their spare hours. Some of the students are employed as janitors, one has charge of the small carpentering jobs, another tends to the electric lights and wiring. Wages vary according to the kind of work, but in every case the student receives a fair sum for his services.

Anyone wishing to enter the University who has not sufficient means to come without such employment should address Dr. J. R. Benton, the chairman of this committee.
